Veteran Housing Programs

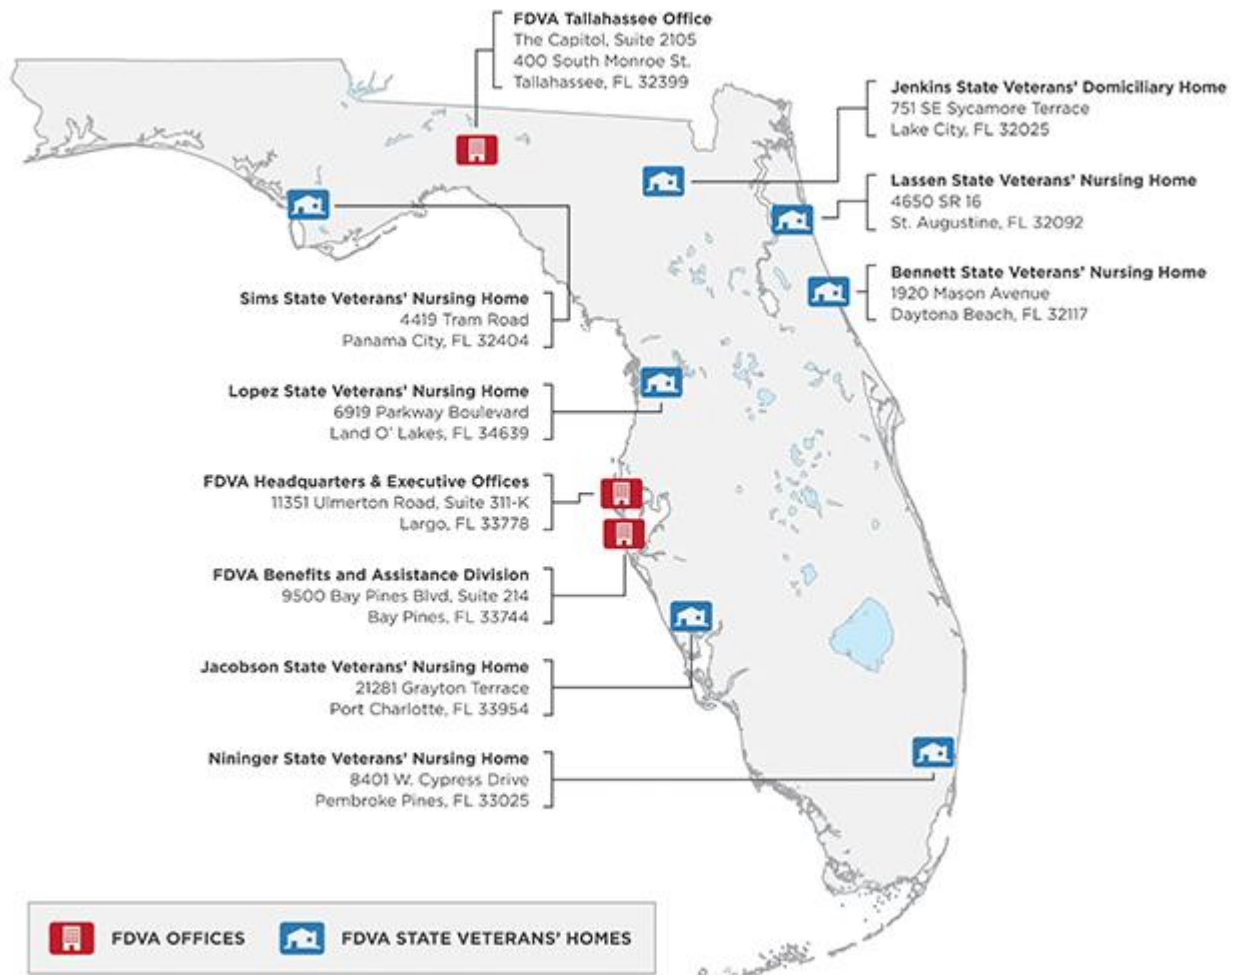

Florida State Veterans' Homes Program

Robert H. Jenkins Jr. Veterans Domiciliary Home of Florida is a 149-bed assisted living community, located at 751 Se Sycamore Terrace, Lake City, FL 32025 Tel: (386) 758-0600. Assisted living facilities provide care to elderly people who need help with daily tasks such as meal preparation, mobility, bathing or dressing. Assisted living centers do not provide housing for elders with severe medical conditions that require medical care and monitoring from a doctor or registered nurse. Assisted living offers intermediate care for individuals who cannot reside on their own in an independent living, but do not need the full-time health care services of a nursing home. Veterans must be able to feed and dress themselves. Domiciliary care is provided to veterans discharged under honorable conditions. Veterans admitted must be residents of Florida for one year prior to admission and be in need of ALF care. Current admissions information is available through the office of the Home Administrator, County Veteran Service Office, or any of the FDVA offices listed on <http://floridavets.org/benefits-services>.

Homestead Exemption (Permanent & Totally Disabled)

Any real estate used and owned as a homestead by a veteran who was honorably discharged with a service-connected permanent and total disability and for whom a letter from the United States Government or VA or its predecessor has been issued certifying that the veteran is totally and permanently disabled is exempt from taxation, provided the veteran is a permanent resident of the state on January 1 of the tax year for which exemption is being claimed or on January 1 of the year the veteran died.

The production by a veteran or the spouse or surviving spouse of a letter of total and permanent disability from the United States Government or VA or its predecessor before the property appraiser of the county in which property of the veteran lies shall be prima facie evidence of the fact that the veteran or the surviving spouse is entitled to such exemption.

In the event the totally and permanently disabled veteran pre-deceases his or her spouse and upon the death of the veteran, the spouse holds the legal or beneficial title to the homestead and permanently resides thereon as specified in FS 196.031, the exemption from taxation shall carry over to the benefit of the veteran's spouse until such time as he or she remarries or sells or otherwise disposes of the property. If the spouse sells the property, an exemption not to exceed the amount granted from the most recent ad valorem tax roll may be transferred to his or her new residence as long as it is used as his or her primary residence and he or she does not remarry.

Veterans who are paraplegic, hemiplegic, are permanently and totally disabled, must use a wheelchair for mobility, or are legally blind are exempt from real estate taxation if gross annual household income does not exceed the adjusted maximum allowed. The veteran must be a resident of the State of Florida to qualify. Certificate of such disability from two licensed doctors of this state or from the VA or an award letter from the Social Security Administration to the property appraiser is prima facie evidence of entitlement to such exemption.

Homestead Exemption (10% to 100% BUT not Permanent in nature)

Eligible veterans with service-connected disabilities of 10% or more shall be entitled to a \$5000 property tax exemption. To qualify for homestead exemption a veteran must be a bonafide resident of the state. Every person who is entitled to homestead exemption in this state and who is serving in any branch of the Armed Forces of the United States may file a claim for homestead exemption. Servicemen unable to file in person may file through next of kin or duly authorized representatives.

Homeless Veterans Program

About one-third of the adult homeless population have served their country in the Armed Services. On any given day, as many as 250,000 veterans (male and female) are living on the streets or in shelters, and perhaps twice as many experience homelessness at some point during the course of a year. Many other veterans are considered near homeless or at risk because of their poverty, lack of support from family and friends, and dismal living conditions in cheap hotels or in overcrowded or substandard housing.

Right now, the number of homeless male and female Vietnam era veterans is greater than the number of service persons who died during that war -- and a small number of Desert Storm veterans are also appearing in the homeless population. At this time, scientific studies indicate that there is no known, direct connection between military service, service in Vietnam, or exposure to combat and any increased risk of becoming homeless. Family background, access to support from family and friends, and various personal characteristics (rather than military service) seem to be the stronger indicators of risk of homelessness.

Almost all homeless veterans are male (about three percent are women), the vast majority are single, and most come from poor, disadvantaged backgrounds. Homeless veterans tend to be older and more educated than homeless non-veterans. But similar to the general population of homeless adult males, about 45% of homeless veterans suffer from mental illness and (with considerable overlap) slightly more than 70% suffer from alcohol or other drug abuse problems. Roughly 56% are African American or Hispanic.

Benefits Counseling

The FDVA has state Veterans' Claims Counselors co-located with the VA in the Bay Pines Regional Office, and in each VA Medical Center and VA Outpatient Clinic in Florida. Assistance with claims is free (membership is not required) and covers all state and federal veterans' programs.

Commission as a Notary Public

The usual fee shall not be required for the issuance of a Commission as a Notary Public to a veteran who served during a period of wartime service, and who has been rated 50% or more for service-connected disability. Other fees may apply.

Burial

The VA provides honorably discharged veterans, spouses and dependents with burial in a National Cemetery at no cost. Cremated remains are also accepted. Eligible spouses and dependents may be buried if they predecease the veteran. The VA provides a headstone, marker or medallion for placement on a private headstone at a private cemetery. The VA does not make funeral arrangements. Call toll free (800) 697-6947 or visit <http://www.cem.va.gov> for more information.

* This cemetery is closed to new interments. The only interments that are being accepted are subsequent interments for veterans or eligible family members in an existing gravesite. Periodically however, burial space may become available due to a canceled reservation or when a disinterment has been completed. When either of these two scenarios occurs the cemetery will assign such gravesites or columbarium niches to other eligible Veterans or family members at the time of the request. Since there is no way to know in advance when a gravesite may become available, please contact the cemetery at the time of need to inquire whether space is available.

** This cemetery has space available for cremated remains. They may be able to accommodate casketed remains in the same gravesite of previously interred family members.

In February 2014, the U.S. Department of Veterans Affairs announced the names of two new VA national cemeteries planned in Florida – the Cape Canaveral National Cemetery in Scottsmeer and the Tallahassee National Cemetery in Tallahassee. The Cape Canaveral National Cemetery is planned for a 318-acre parcel located in close proximity to U.S. Route 1 in northern Brevard County in Scottsmeer, approximately two miles from Interstate 95 and 12 miles north of Titusville. The cemetery will serve more than 163,000 Veterans, spouses and their eligible dependents living in the central eastern Florida area. The Tallahassee National Cemetery is planned for a 250-acre parcel in Leon County, with frontage along U.S. Highway 27 (Apalachee Parkway) and Old St. Augustine Road near March Road east of Tallahassee. The cemetery will serve 83,000 Veterans and their eligible dependents in the Tallahassee area, as well as southwestern Georgia and southeastern Alabama.
