The state of Nebraska provides several veteran benefits. This section offers a brief description of each of the following benefits.

- Housing Benefits
- Financial Assistance Benefits
- Education Benefits
- Other State Veteran Benefits

Housing Benefits

Property Tax/Homestead Exemption

A homestead exemption provides relief from property taxes by exempting all or a portion of the valuation of the homestead from taxation. The state of Nebraska reimburses the counties and other governmental subdivisions for the taxes lost due to homestead exemptions. Refer to financial Assistance Benefits.

Nebraska Veterans Homes

The Division of Veterans' Homes includes the state Veterans' Homes located in Bellevue, Norfolk, Grand Island and Scottsbluff. The four Homes focus on wellness and allowing people to live their lives to the fullest extent possible. Services range from assisted living, for members able to essentially care for themselves, to skilled nursing care. Admissions to the four Homes are determined on a case-by-case basis by the Veterans' Homes Board, a separate, independent entity. Various veterans' organizations donate time, money and companionship to people living in the Homes. This unique relationship creates a positive difference in the quality of life of our members. Those eligible for admission include:

- All veterans who served on active duty, who were discharged or otherwise separated with a characterization of honorable or general (under honorable conditions) and who lived in Nebraska at least two years during their lifetime.

- Veterans must be disabled by reason of service, age or otherwise unable to earn a livelihood; wholly or partially dependent upon public support; or require care that is only available in a public facility
- Spouses, widows and widowers of veterans
- Gold Star mothers and fathers are eligible under similar requirements

Veterans may be admitted without regard to their financial situation. Charges are based on each individual's income and assets. Those who can are required to pay a part of their care costs but there is no fixed charge. Long term care insurance may be utilized. Each applicant's eligibility and charges are determined by an impartial Veterans Homes Board. Board members include appointed representatives of all veterans' service organizations. The Nebraska Director of Veterans' Affairs is the permanent Secretary of the Board. The admission to a Home within the Nebraska Veterans Home System is initiated with the completion of the application, which is obtained from a PDF County Veterans' Service Officer (CVSO). Refer to <https://veterans.nebraska.gov/cvso> for locations.

The completed application indicates which facility the applicant wants as first choice. The applicant may also indicate second, third and/or fourth choices. The application is endorsed by the CVSO and then sent to the Nebraska Department of Veterans' Affairs (DVA) for review. This review includes verifying statutory eligibility and completeness of the application, and criminal history and sex offender registry checks. All applications are subject to approval by the Veterans' Home Board. An application for admission may be denied by the Board. Examples of reasons for denial include, but are not limited to:

- Applications that are inaccurate or incomplete
- Certain felony convictions
- The applicant being registered as a Level 3 sex offender
- Certain transfers of property, income or assets
- Denial of income or assets that could affect the amount or payment of the monthly maintenance charge
- Failure to provide both requested information and a written consent to release this information
- In addition, an application may be denied by the Board if it is determined that the Nebraska Veterans' Home System is unable to meet the needs of an applicant based on either psychosocial or physical needs. Examples include but are not limited to: danger to self or others, care needs greater than the system can provide, or does not meet the minimum criteria for domiciliary level of care as defined by the VA. When this determination is made, the facility of first choice composes the letter that is submitted to the Board.
