## **Texas Veteran Housing Programs**

### **Texas Veterans Land Board Programs**

The Texas Veterans Land Board (VLB), a division of the Texas General Land Office, administers three veterans' loan programs:

- The Land Loan Program;
- Veterans Housing Assistance Purchase Program; and
- Veterans Home Improvement Loan Program.

Additional information on these programs is available on the VLB website <http://www.glo.texas.gov/vlb/veterans-benefits/veteran-loans/eligibility.html>.

### **VLB Texas State Veterans Homes**

The VLB Texas State Veterans Homes provide affordable, long-term nursing care for Texas veterans, their spouses and Gold Star parents. Conveniently located across Texas, each first-class facility is designed to enhance quality of life with a clean, caring and dignified setting appropriate to those men and women who have served our country with honor.

Because the VA subsidizes much of a veteran's cost to stay at a VLB Texas State Veterans Home, daily out-of-pocket rates are well below average and include the cost of medications for veterans. Residents can choose between a spacious private or semi-private room based upon availability. Alzheimer's units at each home provide highly specialized care, including beautifully landscaped, secure courtyards.

The David A. Gloier Texas State Veterans Home program was authorized by the Texas Legislature in 1997 with Senate Bill 1060 authored by Senator Jerry Patterson. Patterson now serves as Commissioner of the Texas General Land Office and Chairman of the VLB.

The homes were built through a partnership between the VLB and the VA. The VLB owns the homes and contracts with professional long-term health care providers to operate each facility.

Like all VLB programs, the Texas State Veterans Homes are self-supporting and cost Texas taxpayers virtually nothing. Following are the homes currently available to vets in Texas:

This hearth, or communal heart of the home, is what sets this Texas State Veterans Home apart from any other long-term care facility in Texas. A total of 10 private rooms, each with its own bathroom, will flank the hearth. Each cottage will be set up as a "non-lift" facility, where overhead tracks with slings in each resident's room will provide safe transport of non-ambulatory residents from bed to bath.

## **Texas Financial Assistance Programs**

### **Tax Exemption for Veterans**

Disabled veterans who meet certain requirements, their surviving spouses and the spouses and minor children of a person who dies on active duty in the U.S. Armed Forces are eligible for property tax exemptions on the appraised value of their property. The exemption is mandatory and applies to taxes levied by all taxing authorities in the State. A veteran, whose service-connected disabilities are rated less than 10% by the Department of Veterans Affairs, or a branch of the Armed Forces, is not entitled to a property tax exemption.

Visit the Texas Veterans Commission website <http://www.tvc.state.tx.us/> for contact information and benefits assistance.

## **Texas State Veteran Education Benefits**

### **The Hazlewood Act**

Wartime veterans who were legal residents of Texas at the time they entered military service, and *Home of Record is listed as Texas* on the DD214, are entitled to a waiver of tuition and some fees at State-supported/public (taxpayer supported) colleges and universities. This benefit is also available to children of Texas servicemen and women who died or were killed in military service, and to children of Texas military personnel who are shown to be missing in action or prisoners of war. Also eligible are children of members of the Texas National Guard or the Texas Air National Guard killed since January 1, 1946, while on active duty either in service of Texas or the United States.

Learn more about Texas Education Benefits (the Hazlewood Act) at <http://www.tvc.texas.gov/Hazlewood-Act.aspx>.

## **Texas Veteran Employment Programs**

### **Veterans Preference**

Wartime veterans have preference in employment with State agencies or offices, as do widows and children of those killed on active duty. State agencies must practice veterans' preference until they have reached 40% veteran employment. Non-retired veterans who are employed by the State of Texas are entitled to claim their active duty military time toward retirement, provided they present a proper request and pay to the Retirement System the specified amount of retirement contribution for up to 60 months' military credit. Such contribution is paid at the rate which was applicable at the time the employed veteran first was covered by the state Retirement System, plus any accrued interest. A link to the State Law regarding veterans' preference laws is <http://texas-veterans.com/employment/veterans-preference>.

Additionally, a veteran is entitled to reemployment rights with his last employer when he is released from the Armed Forces of the United States, providing his absence is not longer than four years. The right of reemployment is available regardless of whether the veteran was, prior to service, employed by the State, county or city government, or by private industry. Reemployment rights of veterans are now provided by both State and Federal laws.

Visit the Texas Veterans Commission website <http://www.tvc.state.tx.us/> for contact information and benefits assistance.

The USDVA will fund up to 100 percent of the construction and equipment costs. The state will own and operate the cemeteries and fund most of the cost of operations.

### **No-Cost Medical Records**

Under the Health and Safety Code, Chapter 161.201 Subchapter M, Medical or Mental Health Records, Texas veterans are eligible for no cost medical records when they are obtained to file a claim for a disability against the U.S. Department of Veterans Affairs (USDVA). The health care provider or health care facility is not required to provide more than one complete record for the patient or former patient without charge. Also, it should be noted, that some medical facilities will charge a small administrative fee for obtaining the records.

### **Free Drivers License for Disabled Veterans**

Under Texas Transportation Code Title 7, Chapter 521, Section 521.426, Texas drivers licenses may be furnished free of charge to veterans who have service-connected disabilities rated 60% or more by the VA or by a branch of the Armed Forces of the U.S. Application must be made prior to the time present drivers license expires. Application forms may be obtained from Department of Public Safety's license examining offices located throughout the State. A link to the to the Texas Department of Public Safety's **Drivers License information** website is <http://www.txdps.state.tx.us/DriverLicense/index.htm>. Application forms should be completed by the veteran and forwarded to the VA for verification of service-connected rating of 60% or more. If a veteran was disability-retired from military service and has no VA claim file, proof of disability must come from their respective branch of military service.

### **Fishing and Hunting Licenses for Disabled Veterans**

Disabled veterans are eligible for special hunting and fishing licenses, at a reduced cost. A disabled veteran of the Armed Forces of the United States is one who has a service-connected disability, as defined by the Department of Veterans Affairs, consisting of the loss of use of a lower extremity or of a disability rating of 60% or more, and who is receiving compensation from the United States for the disability. A resident veteran as described in the law may hunt wild turkey and deer without a resident hunting license if he has acquired a resident exemption hunting license.

A link to the Texas Parks and Wildlife website is <http://www.tpwd.state.tx.us/>.

### **Free Park Admission for Disabled Veterans**

Free admission to Texas State Parks is available to any veteran who has a service-connected disability, which is rated 60% or more by VA, or a service-connected disability, which has resulted in the loss of a lower extremity. Application may be made at the headquarters office of any Texas State park by providing satisfactory evidence of service-connected disability. If such evidence is not readily available, it can be obtained from the VA regional office where the claims folder is located. The Texas State Parklands Passport is available to any veteran who meets the disability requirements, whether or not he or she resides in Texas. The Passport provides only free admission to the State parks, and does not exempt anyone from payment of other charges, such as camping fees, etc. A link to the Texas Parks and Wildlife website is <http://www.tpwd.state.tx.us/>.

### **Free Recording of Discharges**

Under Texas State law, Local Government Code Sec. 0192.002, the County Clerk in each County is required to record, free of charge, the official discharge of each veteran who served in the Armed Forces of the United States of America. This free service is very important as it provides veterans with a ready source from which they can obtain a certified copy of their discharge whenever it is needed. **It is the veteran's responsibility to have the DD214 or Discharge recorded. Please also note that if you do record your DD214 with the County Clerk, it then becomes a public record. See "Safeguard Your Discharge (DD214)" at <http://www.tarrantcounty.com/eveterans/cwp/view.asp?A=776&Q=432386>.** Also note that the Texas Veterans Commission does not keep a record of your DD214 or Discharge.
